

Digital Millennium Copyright Act Counter-Notification Form

The Digital Millennium Copyright Act ("DMCA") is a United States copyright law that provides guidelines for online service providers in case of copyright infringement. It is our policy to respond to clear notices of alleged infringement, which we have received regarding your material. To file a counter notification with us, you must provide the information specified in the form below. The form of notice specified below is consistent with the DMCA, which can be found at the U.S. Copyright Office website, <http://www.copyright.gov>.

As the provider or publisher of affected content, you may make a counter notification pursuant to sections 512(g) (2) and (3) of the DMCA. Please note that you can be liable for damages (including costs and attorneys' fees) if you misrepresent the material or if the activity is infringing the copyrights of others. Accordingly, if you are not sure whether certain material infringes the copyrights of others, we suggest that you first contact an attorney. Please also be advised that by submitting a counter notification through our form, your contact information will be forwarded to the original complainant.
